

Guidelines for Shopping

Parent Talk Used Clothing, Toy & Equipment Sale

- For safety and quality reasons, no beverages (including coffee) are permitted in the building. We appreciate your cooperation.
- If possible, leave your strollers in your car. There is not much space within the sale, and the space is not very "stroller friendly." However, if you must bring a stroller, there is an elevator in the back hall that will carry you downstairs to the clothing.
- We will not hold any items for you while you shop. No exceptions.
- If you find something you want to purchase, hold on to it – we can not be responsible for items left around, there is simply too much going on in there! The other option is purchase it and bring it to your car.
- You may NOT use your own shopping bags. We will provide you with a clear plastic bag to fill while you shop. One of our "tag-pullers" will empty your bag and help you with your items. We do not allow canvas bags, duffle bags, etc. while you shop. Thanks for understanding.
